# EVENING BULLETIN

3:30 EDITION Advertising Is Influential In The Business World

No degree of prosperity can enable the merchant to be independent of the daily newspaper as an assistant in the business.

ESTABLISHED 1882. No. 5128. 14 PAGES.—HONOLULU, TERRITORY OF HAWAII, MONDAY, JANUARY 8, 1912.—14 PAGES. PRICE 5 CENTS.

## WAR IN CHINA AGAIN; REPUBLIC WINNING MORE RAISES UNDER NEW WAGE-SCALE

### State Dept. Holding Fleet

That the Pacific fleet is fast in the clutches of the State Department, and that it may stay in Honolulu until the cruiser's bottoms become public playgrounds for baby barnacles, is the supposition that finds most favor with the guessers today. From every angle it looks like a State Department affair. The Navy Department presumably wants the fleet to get back to the Coast and prepare for target practice. But what the State Department wants is what counts in Washington, and if conditions in China are alarming to the home diplomats, it's more than likely that they have asked for the fleet's delay. This being so, argue officers who went through the same thing at San Diego last Spring, the State Department is pretty sure to forget about the whole matter until the fleet is either wanted in China or until all trouble in the Far East is at an end.

With Spring battle practice coming (Continued on Page 4)

### SHRINER PATROL WILL GO TO COAST

Aloha Temple of the Mystic Shrine is practically certain to send the Arab Patrol to the annual convention and meeting of the imperial council, at Los Angeles this spring.

On Saturday evening the Shriners held their annual installation of officers, and the opportunity was seized upon to discuss plans for taking the patrol to the convention. A committee was named to make arrangements, and "Sunny Jim" McCandless, retiring Potentate, and representative to the imperial council, said today that he is certain the plans will be successful.

The patrol will number nearly thirty men, and the Shriners plan now to get Sam Johnson down from Puna, Hawaii, to drill the men up to the minute. The patrol has a peculiar and involved appeal drill that is unique.

Hawaii will be given promotion advertising of the highest class when the Patrol goes to the coast, and the occasion is considered a most appropriate one.

Officers installed last Saturday night were: Illustrious potentate, Dr. Arthur G. Hodgins; chief rabban, Charles G. Bartlett; assistant rabban, Fred C. Smith; high priest and prophet, William H. Goetz; oriental guide, George H. Angus; treasurer, Harry E. Webster; recorder, Harry C. Buns; first ceremonial master, Thomas E. Wall; second ceremonial master, Frank E. Richardson; director, Lester Petrie; marshal, Harry Gray; captain of the guard, Dr. Alfred C. Wall; outer guard, Joshua D. Tucker; representative to imperial council, James S. McCandless.

The hearing of the case brought by John H. Wilson against the Oahu loan fund commission in connection with the contract for the first portion of the best road comes up for hearing Monday next before Judge Whitney in the Circuit Court.

### NEW WAGE-SCALE IS MINIMUM; MORE RAISES PROBABLE

The new and increased wage scale decided upon by the sugar planters' association and affecting the sugar industry of the entire Territory is even more far-reaching than at first supposed. It was learned today that the schedule as announced—an increase of pay for all ordinary day laborers on an \$18 a month basis to \$20 a month, and a sliding scale bonus system—a simply a minimum scale, and that individual plantations and management can and some will extend the application of the bonus to much higher-paid employees than those affected by the minimum scale.

The sliding scale bonus just adopted applies to all laborers receiving \$24 a month or under and working at least twenty days a month for twelve months. This, however, does not restrict plantations which wish to reward employees receiving more than \$24 a month, and it is reported that one big group of plantations will find the benefits of the bonus extended to laborers getting much more than this.

As a matter of fact, a \$24 a month man would under some conditions be getting more, with the addition of his bonus, than a man on a higher regular wage scale who did not get the bonus in years of high sugar, and the inequalities of such a system are apparent to some of the big sugar men, who, by making it certain the new scale is a minimum and not a maximum, are preparing to equalize the benefits of high sugar throughout their laboring forces.

### FERN VETO OF APPROPRIATION BILL MAY TIE UP CITY FINANCE

Mayor J. J. Fern has strongly intimated that the mayoralty veto will be affixed to the newly-drafted appropriation bill, submitted by Supervisor Murray, and a measure which calls for the expenditure of at least \$12,000 above the municipal revenues received for the first six months of the year 1912.

Mayor Fern has but little to say concerning the measure. He is said to be opposed to some of the alleged reckless extravagances incorporated in the new budget.

In the event of the Fern veto, the appropriation bill must revert to the board. There seems to be a pretty generally defined opinion in city hall circles that the veto of His Honor would be sustained by a vote of four to three.

The appropriation bill comes up for final reading at a meeting to be called for tomorrow evening. So far in its passage, Supervisors Low and Dwight have opposed the measure. Should another member of the board go over to the retrenchment camp in the campaign for economy in the spending of

### RUSSIAN IMMIGRATION MATTER IS REOPENED; 64 PEOPLE ARRIVE

Members of the board of immigration have been discussing the question of reopening Russian immigration from Manchuria on a systematic scale, but without definite decision, and there seems to be a good deal of opposition to the plan. One prominent sugar man is credited with the statement that he will strongly oppose starting up Russian immigration again.

That the supply of Slavs in and around Manchuria is still large is evidenced by the fact that sixty-four Russians arrived by the Mongolia last week and are now quartered in the Territorial immigration station. Thirteen men are single, the rest are in families. All the men are great, powerful fellows, and one of them, who speaks broken English, says that they are nearly all farmers.

These Russians were booked in Manchuria for Hawaii by the immigration company headed by A. W. Perebistrov, acting as agents for the Territorial board. When the first Russians were brought over here, the board promised that it would send for the friends and relatives of those who wished them

### CHINESE GENERAL WHO WILL RENEW MERCILESS WAR ON REVOLUTIONISTS

### 10,000 To Attack

(Associated Press Cable.)  
PEKING, China, Jan. 8.—Ten thousand revolutionists from She Shi and She Sha have taken Shenchow and are advancing on Honan.

### COL. BRYAN IS SORE AGAIN

WASHINGTON, D. C., Jan. 8.—The Democratic National Committee has so far failed to choose a city for the next national convention. Baltimore is leading, with St. Louis, Denver and Chicago in the running.

Bryan threatens to appeal to the people in an attempt to unseat Guffy.

### ANOTHER MAC IS DYNAMITER

(Special Bulletin Wireless.)  
NEW YORK, N. Y., Jan. 8.—John McNamara has been arrested here on the charge of dynamiting the New Westminster, B. C., branch of the Bank of Montreal on September 14.

SAN FRANCISCO, Cal., Jan. 8.—Under the alias of McNab and "Australian Mac," McNamara served a term for robbery in Australia.

### U. S. DESTROYER GOES ASHORE, WINDWARD I.

(Associated Press Cable.)  
HAMILTON, Bermuda, Jan. 8.—The destroyer Paulding has gone ashore at St. George's, Windward Islands.

### CANNOT RECEIVE AUTO FIRE TRUCKS UNLESS BOND IS FILED

Two Seagrave auto chemical fire engines, now reported as on the way from a mainland factory to Honolulu, will not be received by the municipality unless a bond calling for \$10,500 is soon forthcoming, to insure their safe arrival and meeting with the specifications.

Gus Schuman, a local representative for the Seagrave people, who landed a contract for two motor-driven chemical engines at a total cost to the city and county of \$10,500 has not complied with the requirement by law which makes it imperative that a bond equal to the amount of the purchase price of the fire trucks, be filed with Clerk Kalauskalan.

The delay in the presentation of this bond may be one of several matters which will come up before the next regular meeting of the city and county supervisors.

The presumption is taken that should the machines reach Honolulu without first having received the required bond, the city would have no recourse should it be found that the machines failed to meet with the specifications.

### TERRIBLE WRECK VIOLATE U. S. ON C. P. R. NEUTRALITY

(Associated Press Cable.)  
MONTREAL, Can., Jan. 8.—Thirty-three persons today pleaded guilty to violation of the U. S. neutrality laws in aiding Gen. Bernardo Reyes in the attempted revolution.

Superintendent of Public Works Marston Campbell leaves for Hawaii tomorrow to attend a meeting of the loan fund commission at Hilo.

### \$500,000 Here For China

Half a million dollars will be subscribed by the Chinese of Hawaii to the revolutionary fund and exchequer of the new republic, through the purchase of the recently issued bonds of the province of Canton.

This half million is in addition to the heavy sums that Hawaiian Chinese have already subscribed for the sake of freeing China from the yoke of the Manchus, and it is probable that the total amount that the Chinese of Hawaii give toward the cause will be well over a million.

Acting under cable advices from the new republican government, C. K. Al, chairman of the Chinese relief committee, and the other members are organizing a systematic campaign of the Islands. The Chinese throughout the Territory are being circulated on the recent bond issue. Mr. Al said this morning that already some \$20,000 has been received and sent to the government of Canton. The bonds are redeemable (Continued on Page 4)

### Country Shivers

(Associated Press Cable.)  
PORTLAND, Ore., Jan. 8.—In one of the worst storms in the history of the country, all telegraph wires leading here are down, while the damage from ice and snow amounts to \$300,000. Trains are blocked.

DULUTH, Minn., Jan. 8.—The last week has been the worst seven days in railroad history.

### STORM IS WORST YET

(Associated Press Cable.)  
KANSAS CITY, Jan. 8.—The situation has been relieved here. The temperature has risen twenty degrees.

CHICAGO, Ill., Jan. 8.—Slight relief has been given the suffering and damage caused here by the cold snap. The weather promises to turn warmer.

### NEW MEXICO HAS CONGRESSMEN

(Associated Press Cable.)  
WASHINGTON, D. C., Jan. 8.—New Mexico's representatives, chosen at the first election of the new State, were seated here today amid much applause.

### LEGISLATIVE STENOGRAPHS GO OFF ON STRIKE

WASHINGTON, D. C., Jan. 8.—The stenographers of the ways and means committee have struck against a reduction in wages. The strike will embarrass national legislation. It is the first in Congressional history.

That the establishment of a bureau to manage the national parks of America will greatly help out the establishment of the proposed Klauca park is the opinion of the secretary of the American Civic Association in a letter to the Governor. A convention was held recently in Washington to discuss the matter and the idea is favored both by the President and the Secretary of the Interior.
